SEED CONTRACTION TURE,

SEED GROWERS

WATERLOO, NEBR.

1910 CONTRACT PRICE LIST OF VINE SEEDS AND SEED CORN

## **ANNOUNCEMENT**

Our arrangement for acreage of vine seeds is more complete for the crop of 1910 than it has been for three or four seasons and crops are so placed that we should have results. We ask a fair share of your business, fully believing we are in a good position to care for it.

We wish to especially urge our customers to place their orders early. Business promises to be heavy and we must commence contracting early with the farmers to cover our wants.

An acreage will be planted of each variety to produce, under ordinary conditions, the various amounts required to fill all contract orders and in no instance will any carry-over stock be used to apply on contract orders, unless it may be mutually agreeable to our customers and ourselves. In case of shortages a sufficient reservation will be made for planting stock; all orders will then be filled by an equal pro rata division of the entire remaining crop, delivered to us by our various growers, all orders being treated alike.

Orders will be accepted for the growing of special stocks or new varieties at reasonable prices if planting stocks are furnished.

The telegraph code used is the same as adopted by the American Seed Trade Association.

Orders for 25 pounds of a single variety of vine seeds will be filled at regular quotations; for orders of less than 25 pounds of a single kind, add two cents per pound.

TERMS:—Field corn, cash on receipt and examination: Sweet corn and vine seed, sixty days acceptance, or if discounted, 1 per cent in thirty days from date of shipment. All prices are based on delivery f. o. b., Waterloo, Neb.

Handpicking Sweet corn on the ear in cold corn cribs and barns is a thing of the past; the picking all being done now in regular picking rooms. Some of our customers want deliveries of their corn earlier than the whole crop can be handpicked, and where such customers have picking facilities of their own we can arrange for earlier shipment by offering in unpicked condition for either a part or the whole order. The contract difference in price on Sweet corns will be 20c per measured bushel, and on the Adams corns 15c per 56 pounds.

		The quotations below are for our Commercial Grade of seed corn, except where noted. This corn is very carefully handled, being assorted by our own men at the sheller, and is all double screened and butted. We are willing to arrange for higher grades of corn on which we do more hand work, but of course at increased prices. Will be glad to make special prices for these grades.

		If you want handpicked grades of the above please specify it on the order.  We will handpick any of the above corns at an additional expense of 15c per bushel.  From our warehouse we turn out three grades of corn: "Commercial" on which above prices are based; "Choice" at 15c per bushel advance over above price; "Gilt Edge" at a uniform price of \$1.25 per bushel. Write for particulars.	
		We have a corn drying plant with a capacity of 1000 bushels per ten hours. This has proved a very valuable addition to our equipment, and will be used for the benefit of our customers where any question of moisture can be raised; but we will ask 10c per bushel on all orders for Air Dried Corn.
